

DOUGH
DIVIDERS

PARTAU Dough Divider

Extremely accurate dough divider with a proven long lifetime. This divider can be used for nearly any type of dough in almost every type of bakery.

WP Haton the leading brand in dough processing since 1949

WP Haton produces the most advanced and best bread make-up machines in the world contributing to high weight accuracy, excellent structure and most friendly and careful handling of the dough without compromising on high speed, consistency and constant quality on every piece of the dough piece produced.

- Automated dough processing systems for virtually all types of bread
- Tailormade line concepts in dough processing equipment
- Unique system of modularization
- BreadLab: the experience center where bakers from all over the world can test our equipment with their own ingredients

PARTAU Dough Divider

Highlights

- Semi-industrial compact machine
- High weight accuracy
- Suitable for various dough types
- Maximum adaption to batch sizes with various hopper sizes
- Easy and quick cleaning of hopper and all parts coming in contact with dough
- Maximum adaption to individual wishes
- Low machine height with maximum accessibility

PARTA U

The Parta U is an extremely weight accurate dough divider with a proven long lifetime. The robust design of this divider allows for nearly every dough type to be processed and at the same time a variety of dough hopper sizes enables a variation in batch size. The Parta U can be cleaned safely and easily thanks to the sideways hinged dough hopper with automated safety stop. Extremely robust design, proven quality for over 40 years.

Specifications

- Single and multiple pocket machine
- Dividing unit with automatic oiling on discharge conveyor
- Hopper stainless steel, 120 litres, including safety ring with pressure sensitive edge
- Pistons, dividing chamber and hopper base wear-resistant Ni-Resist
- Hopper base with Teflon coating
- Knife made of hardened stainless steel
- Discharge conveyor, left or right-hand L = 725, 925 or 1275 mm
